FREE RUSSIAN LIVE HACK SATAN BLOOD!! it is not a full version of the game. Download Subnautica Update 84-CODEX License Key Latest.Q: How to remove a frame(R.layout.main) from an activity class? I am pretty much new to android development. I have two activity classes in my application. In the first activity class, i have a button in a layout. On click of that button, I am opening another activity and i want to remove the frame of the first activity class. Here is the code: btn_first.setOnClickListener(new View.OnClickListener() { @Override public void onClick(View v) {
